

EXPRESS ROBBERY.

Sensation Created at Galveston, Texas.

THOUSANDS DISAPPEAR.

A Package Supposed to Contain Twenty-Five Thousand Dollars Found to Be Nothing but Common Brown Paper—An Investigation Being Made.

GALVESTON, Dec. 1.—The sensation caused by the discovery of brown paper in a package delivered by the Wells-Fargo Express company to the Island City Savings bank when the endorsements showed that the parcel should contain \$10,000 in currency, shipped by the banking house of Kountze Brothers, of New York, was increased yesterday when it became known that the banking house of Ball, Hutchings & Company had been victimized to the extent of \$25,000 in a similar way.

Tuesday morning among the money packages received by this last named banking house was one purporting to contain \$25,000, shipped by the National City bank, of New York. This package was not opened until after banking hours Tuesday evening, when the cashier was astounded upon cutting it open to see bundles of common brown wrapping paper roll out on his desk. The fact that the two banks received their packages from different institutions in New York, made it certain that the robbery was perpetrated after the packages had been delivered to the express company by New York shippers.

General Superintendent Christeson, of the Wells-Fargo company, and his assistant, Taft, arrived yesterday to look into the matter. They decline to talk beyond the bare acknowledgment of the robbery, and it was impossible to ascertain if they have any clue as to the point on the line where the robbery was committed.

Further excitement was created yesterday evening by the announcement that Ball, Hutchings & Company had lost \$5,000 additional to the \$25,000, for which brown paper was substituted. An investigation, however, developed a clerical error in making up the money for shipment.

A gentleman of this city, who has had years of experience in handling bank parcels, remarked today: "If the express company received the packages in the shape in which they reached Galveston, the money must have been taken en route and the company is therefore liable for its loss. There is little probability that the tampering with the package was done at the New York bank. One of the packages had a small hole burned in the wrapper by hot wax, and this makes me feel confident that the robbery was committed outside of New York city, because at this time of year New York banks have clerks who make up money packages for cotton points and if the wrapper is mutilated, be it ever so little, a new one is put on. In my opinion a most thorough investigation of the entire route of the packages between New York and Galveston will locate the thief."

GRAPE ON THE DOOR.

Complete Arrangements for the Funeral of Rev. Dr. Scott.

WASHINGTON, Dec. 1.—The body of the Rev. Dr. Scott was placed in the casket this morning and brought down into the east room, where the funeral ceremonies will be held at 3 o'clock. Rev. Teunis Hamlin will officiate.

The following gentlemen will act as pallbearers: Secretary John W. Foster, Attorney General Miller, Secretary Noble, Postmaster General Wm. McKim, Ex-Judge Strong, Judge Wylie, Hon. Samuel Shellabarger and Dr. W. H. H. Warman, who was associated with Dr. Scott in the pension bureau.

The body will be borne by ushers of the White House. The funeral procession will leave the White House at 6:15 this evening, and take a train on the Pennsylvania railroad at 7 p. m., arriving at Washington, Pa., at 8:30 Friday morning. The body will there be taken to the residence of Mr. Joshua Wright, an old friend of the deceased, where it will lie for one hour in order to give Dr. Scott's old friends an opportunity to take a last look at their venerable friend. The cortege will then proceed to the cemetery, where a simple burial service will be read.

Immediately after the burial the family will start on their return to this city, where they will arrive at about midnight.

Mr. George W. Boyd, assistant general passenger agent of the Pennsylvania railroad, will have charge of the train, which will consist of a combination car, the Pullman car Iolan, and special car 60, Pennsylvania railroad. The party will comprise only the members of the family and relatives in this city.

JAY GOULD ILL.

Wall Street Market Affected by the Rumor of His Death.

NEW YORK, Dec. 1.—The story reached Wall street yesterday that Jay Gould was dead. It was promptly denied, but it was admitted at his office that he was too sick to leave his house. Western Union, Manhattan, Union Pacific, Missouri Pacific and other Gould stocks were depressed. When asked about the condition of his father Edwin Gould said: "Mr. Gould is confined to his bed and has not improved as we expected him to."

"His departure for the south then will depend on the decision of his physicians."

"Yes. No definite arrangements have been made for his trip."

It was said in Wall street that Mr. Gould had a hemorrhage of the lungs. It had been announced that he was suffering from nothing more than a bilious attack.

ON BROADWATER ISLAND.

President-Elect Cleveland Summoned to Appear in Court.

EXMORE, Va., Dec. 1.—The chief incident of the day on Broadwater Island was the arrival of Sheriff Samuel Jarvis, of Northampton county, with a summons which he sought to serve upon President-elect Cleveland. He came over from the mainland at 2 o'clock yesterday afternoon, but was forced to wait until the gunning party returned from their day's sport before presenting the document. The sheriff was seen by a reporter, but he was unable to furnish any information, except that the summons was to appear before the chancery court at Richmond. He did not know what case was involved. He stated that when the summons reached him for service at Cape Charles City, which is the county seat of this county, he regarded the whole affair as a practical joke. Upon wiring the clerk of the court at Richmond he received an assurance that the document was genuine, and came to Exmore for the purpose of carrying out his instructions. He could give no particulars on the subject.

So far as can be learned no definite time has been determined for Mr. Cleveland's return north. From present indications, however, it seems probable that he may spend another Sunday upon Broadwater Island.

FAILED TO FLAG IT.

An Old, Old Cause in Explanation of a Wreck.

NEW LONDON, Conn., Dec. 1.—A fast freight from this city crashed into the rear of the Boston express at Noank last night, resulting in a complete wreck. Half a mile this side of Noank a coupling on the express, which leaves here at 5 o'clock, broke and the train halted for repairs. A few moments later the Stonington special, which closely follows the express, rounded a curve and plunged into the rear of the express. The fireman of the special, Charles Palmer, jumped. He was badly cut, but will recover. Engineer Frank Niles stood at his post and attempted to reverse. He was crushed beneath the wreckage and will die.

The engine and three cars of the special were demolished. The dining car at the rear of the express was overturned, set on fire and totally destroyed. It was for some reason detached from the rest of the train and was the only passenger car wrecked. Fortunately, all had left it but a moment before the crash.

The wreck was due to carelessness on the part of the express crew in not sending back flagmen to hold the freight.

ORDER OF SOLON.

The Charges Against the Supreme Lodge Will Not Be "Whitewashed."

PITTSBURG, Dec. 1.—"There will be no 'whitewash' of the charges against the supreme lodge of the Order of Solon. A new set of officers will be elected and the institution will begin a new life after the present conclave passes into history."

The above is a statement made to a reporter yesterday by a prominent member of the order.

The auditing committee appointed at the last conclave made their report Tuesday night and yesterday the minutes of the executive committee were read before the lodge for the first time in the history of its organization. These reports were a revelation to the members of the supreme lodge, and showed gross mismanagement. A number of deficits were shown up, having occurred during the term of office of Messrs. Ball, Gaffney and Mindorf, the three supreme officers, now under bail for court trial. It was also developed that these shortages were made up from time to time and that not a penny was missing when the supreme president, treasurer and secretary were suspended.

SHUTTERS CLOSED.

Half a Million Dollar Failure at Joliet, Illinois.

JOLIET, Dec. 1.—The Stone City bank, with a capital stock of \$100,000 and controlled by the Fish Brothers, suspended payments yesterday. The failure was precipitated by the confession of judgments aggregating \$183,175 by the Joliet Enterprise Wire Mill company, also controlled by the Fish Brothers, yesterday morning. It is estimated that the liabilities of the two concerns are \$500,000, but nothing definite about the liabilities or assets is obtainable.

The affairs of the bank are so involved with those of the mill that it will take considerable time to unravel the tangle. While the bank was a separate institution its prosperity was co-existent with that of the wire mill and the larger part of its assets were invested in the mill business. The failure is attributed to dullness of trade. Large sums had been expended for machinery and other plant, and a slackening in the demand for the mill's product entailed the piling up of goods on which it was impossible to realize.

THE CAN LEAKED.

Three People Horribly Burned in a Gasoline Explosion.

JACKSON, Mich., Dec. 1.—A can of gasoline, which leaked, caught fire yesterday at the residence of Walter Bullinger. The can exploded and the burning fluid was scattered over the person of Mrs. Bullinger, Josie Denham, aged six, and a baby of sixteen months. The flames spread rapidly and all three were terribly burned.

Josie Denham lingered several hours in great agony when she died. Her body was burned to a crisp and she had inhaled the flames. Mrs. Bullinger may die, and the life of the baby is despaired of. Mrs. Mary Aiken, a sister of Mrs. Bullinger, was seriously burned in attempting to rescue the children. The house took fire, and the interior was badly wrecked.

HORRIBLE ACCIDENT.

Five People Killed and Another Fatally Injured.

RAN DOWN BY A TRAIN.

The Engineer Did Not Know of the Accident Until He Reached the Depot, Over a Mile Away—Deep Mystery Surrounds the Tragedy.

ELMHURST, N. Y., Dec. 1.—One of the most horrible accidents that ever occurred in this city took place shortly after 11 o'clock last night. William Conklin and wife, Mr. and Mrs. Ed. Blanchard and Margaret Pette, of Southport Corners, seven miles south of the city, came to town yesterday. At about 11 o'clock last night they prepared to return home. The five got into a wagon, drawn by one horse. While crossing Pennsylvania avenue the Erie vestibuled train, westbound, crashed into the rig, instantly killing four of the occupants and probably fatally injuring the fifth.

The engineer did not know of the accident until he reached the depot over a mile away. Upon examining his engine, as usual, he discovered a ghastly sight. Edward Blanchard and his wife, and Margaret Pette were piled in a heap on the pilot of the engine. He was dumbfounded. The bodies were removed to a convenient place and the coroner notified. While the bodies were being removed word came that another corpse lay beside the track, near the Pennsylvania crossing, and a man lay dying nearby. He proved to be William Conklin. The bodies of the dead are now at the morgue. Deep mystery surrounds the affair. If Conklin dies, or does not recover consciousness before his death, it will never be known how he came to cross the tracks in front of an express train. The railroad and municipal officers are now looking into the matter.

EXAMINING THE BOOKS.

Confidential Bookkeeper of a Railroad Short in His Accounts.

INDIANAPOLIS, Dec. 1.—The experts who have been examining the accounts of W. F. Snyder, confidential bookkeeper in the Cincinnati, Hamilton and Dayton freight office, have now discovered a shortage aggregating \$7,400, and the inquiry is not half concluded. Two additional experts were put to work yesterday on the books and the investigation will be pursued as fast as possible, though the experts have been hindered a great deal by the disappearance of one of the ledgers, which makes the investigation very tedious.

Yesterday one of the employees confessed that he has known for some time that a shortage existed, but he said that he had not profited by it. The confession was forced from him by knowledge that he was being shadowed and was under suspicion. Snyder is said to have gone west from this city and officials of the road claim to know where he is located and say that his arrest and return here will be accomplished in a few days. While the experts have been at work on Snyder's books, detectives have been investigating his private life and it is now said that the company's money was lost in the gambling houses of the city. It is believed that the shortage will reach \$20,000 or \$25,000.

EXCITED ITALIANS.

Mafia and Vendetta Talk Over a Shooting in Cleveland.

CLEVELAND, Dec. 1.—The 3,500 Italians of this city are greatly excited over the shooting of their countryman, Antonio Carizzo, last week, by Patrolman Hill. Carizzo was a hard character and Hill and Dempsey undertook his arrest. He drew a knife on them and was shot down for it.

A largely attended meeting of Italians denounced the murder, as they called it, in bitter terms, and organized a fund which they expect will reach \$2,000, to prosecute the two patrolmen and vindicate Carizzo. There is talk of Mafia and vendetta in the movement, though many of the most respected Italians in the city are encouraging it, declaring that their countrymen do not get just and equal treatment by the police.

Burglar Shot.

ELGIN, Ills., Dec. 1.—Stubby Jones, the seventeen-year-old son of a machinist at the Elgin watch factory, was shot and instantly killed by A. N. Curtis, whose store he was trying to enter through a rear window for the purpose of robbery. Curtis has been the victim of robbers several times during the past three months and slept in his store, hoping to catch the thief.

Last of a Bank Failure.

LIMA, O., Dec. 1.—The affairs of the Lima National bank which failed last March, were wound up yesterday and taken out of the hands of the receiver by the payment of a second and final dividend of 50 per cent. The money to liquidate the bank's affairs was paid to the comptroller two weeks ago, but his checks were not received until yesterday.

Sent Up for Three Years.

FINDLAY, O., Dec. 1.—Judge Johnson yesterday sentenced James Lawson, convicted of manslaughter for the killing of Harry Scouten, to the penitentiary for three years. The attorneys for the defense filed a motion for a new trial, but at the last moment they withdrew the motion and permitted the prisoner to receive sentence.

Negro Assassinated.

PURVIS, Miss., Dec. 1.—A negro named Clinton Setinger was assassinated at his home here Monday night. He was filled with buckshot while standing in the door of his dwelling. There is no clue.

A FEMALE MISER.

Surprising Discoveries in the Home of the Widow Gregg.

RACINE, Wis., Dec. 1.—Mrs. Anthony Gregg, an eccentric widow of the town of Dover, recently left her home for a trip to Milwaukee. On the way she was taken sick, carried into a farm house and died. It had been supposed that the woman was worth considerable money, but after her death it was discovered that she was rich and had secreted large sums of money about her home. Fifteen hundred dollars was found in the bottom of a crock filled with lard; in an old rag bag in a corner of her house was found \$1,000; in a small box on a pantry shelf was found another \$1,000; in the woodshed and other out-buildings were discovered sums ranging from \$500 upward. In a Milwaukee bank she had deposited \$3,000 and besides owned a couple of farms. Her fortune is estimated at \$20,000.

STILL DISSATISFIED.

Another Strike Liable to Take Place at the Homestead Mills.

HOMESTEAD, Pa., Dec. 1.—The Amalgamated association members of Homestead held a meeting last night to vote on the advisability of declaring the strike at the Carnegie mills on again. So few men have been taken back that the members think they should call their brethren out again, even if the strike is lost, and put the brand "black sheep" on the Homestead mills.

About 400 men have been taken sick since the strike was declared off, and most of these were laborers. Another meeting will be held tonight, and definite action will be taken.

Burgess Hollingshead has called a meeting of the citizens for this evening to investigate the destitution in the borough, and arrange to distribute the contributions to the needy.

NOT GUILTY.

Sensational Scenes in Court at the End of a Murder Trial.

BINGHAMTON, N. Y., Dec. 1.—The jury in the DeLong murder case brought in a verdict yesterday of not guilty. The case was one of great interest. In October Mrs. DeLong found her husband with a woman of low character. A quarrel ensued, which led up to the shooting.

The plea put in by the defense was insanity and self-defense. The scene in the court room, when the verdict was announced, was one of great excitement. The prisoner at the bar was sobbing, but when the verdict was given, the room filled with cheers and hurrahs, the clapping of hands and the stamping of feet. The prisoner raised her hands and implored God's blessing upon the jury.

A RIFLE BALL

Crashed Through the Window and Killed the Foreman.

BIRMINGHAM, Ala., Dec. 1.—While William Lee, foreman in the Callway mines, in this state, was at work in the engine house Sunday night, a rifle ball crashed through the window and killed him. Much excitement ensued among the miners and a party was organized to hunt for the assassin. Early Wednesday morning a white miner named G. B. Prince was arrested on suspicion. He had recently been refused work by Lee, and had threatened his life. A number of mysterious murders have occurred recently in the mines, and there is much excitement and talk of lynching Prince. He declares he is innocent.

Tried to Kill His Wife and Child.

SALEM, O., Dec. 1.—Samuel Simpson was arrested yesterday on a charge preferred by the Humane society of assault with attempt to kill. Young Simpson, who had been firing on the Fort Wayne road, came home yesterday and proceeded to the house where his wife and child were staying. His wife came into the room with the child in her arms and Simpson grabbed the child, slung it across the room, and threw his wife down and choked her. He again threw the child to the floor, and so injured it that it will die. Simpson is now in jail in default of \$800 bond.

Ohio's Official Vote.

COLUMBUS, O., Dec. 1.—The plurality of Harrison over Cleveland in Ohio, as officially announced, is 1,072, S. M. Taylor's plurality for secretary of state is 1,089, and no candidate on the Republican ticket has 2,000 plurality. The vote of the presidential candidates is as follows: Harrison, 405,187; Cleveland, 404,115; Bidwell, 26,012; Weaver, 14,852.

President's Message Completed.

WASHINGTON, Dec. 1.—The president has practically completed his message to congress and is now engaged in putting the finishing touches upon it, arranging the order of it and carefully re-reading the important passages. It will be ready to be placed in the hands of the printer Monday morning and will be sent to congress on Tuesday.

Found Wandering in the Woods.

AKRON, O., Dec. 1.—Maggie Ravenstine, wife of Charles Ravenstine, while temporarily deranged, wandered away from home Monday. Yesterday she was found by a farmer half naked and nearly starved in the woods of Copley swamps, seven miles from Akron.

Suing for Damages.

SPRINGFIELD, O., Dec. 1.—Suit for \$10,000 damages was filed yesterday by G. H. Miller against Martin Moran. Miller alleges that Moran falsely and maliciously slandered him by accusing him of stealing \$20 from him in the presence of several persons.

Fooled with a Cartridge.

JEFFERSONVILLE, Ind., Dec. 1.—William Little, of Borden, discharged a blank cartridge by placing it in an anvil. The wads and all lodged in his left leg, and the limb will probably have to be amputated.

JUMPED THE TRACK.

Passenger Train Hurled Over an Embankment.

FIFTEEN PEOPLE INJURED.

One of Two May Die of Their Wounds.

The Wreck Due to Spreading of the Rails—Names of Those That Received Serious Injuries.

ARKANSAS CITY, Ark., Dec. 1.—The northbound Missouri Pacific passenger train leaving here at 12:45 p. m. yesterday jumped the track about one and a half miles from this city. The baggage car and two coaches left the track. The coach next to the baggage car rolled twenty feet and turned over, a total wreck, injuring twelve or fifteen passengers.

Among those injured who were from this place were:

D. O. Porter, slight cut on the head and ankle bruised.

Judge Pindall, slight bruise on face. James A. Smith, railroad employe, cut and bruised on face and sprained ankle.

Mrs. Dr. Tillar, of Tillar Station, shoulder and chest crushed, probably fatally hurt.

Mr. Barrow, traveling auditor for the Yazoo and Mississippi Valley railroad, ankle badly sprained.

A. D. Page, of Greenville, Miss., slight cut on forehead and bruised leg.

Three colored men, names unknown, were cut and bruised considerably. Two were sent to the Missouri Pacific hospital at St. Louis, and are considered probably fatally hurt. Several others received some scratches, but only the above named were considered badly hurt.

The cause of the wreck is supposed to be the giving away of ties, allowing the rails to spread. The engineer of the train was P. J. Robinson. The northbound train from Monroe, La., to Little Rock backed down twelve miles from McGhee and took passengers, baggage, mail and express to Little Rock.

TWO MEN HANGED.

Indignant Citizens String Them Up to a Telegraph Pole.

SHREVEPORT, La., Dec. 1.—Two men were hanged to a telegraph pole near Benton, in North Bossier parish, yesterday morning. MaGee and Carmichael were their names, both being about thirty-three years of age. The former, Richard Magee, is the man who shot and killed Mrs. Ellie Lingley. The latter assisted in deceiving Mrs. Lingley by telling her that Magee was stealing and selling her hogs, which brought her out into the yard, where MaGee shot her.

Both men had surrendered to Sheriff Thompson, but the citizens upon hearing that Mrs. Lingley was the victim of an unprovoked murder, hanged them. MaGee was the husband of Mrs. Lingley's adopted daughter, and his intention was to rob her.

DESPERADO SHOT.

Oliver Yantis Fatally Wounded by Officers While Resisting Arrest.

GUTHRIE, O. T., Dec. 1.—Oliver Yantis, a notorious desperado, was shot and fatally wounded by officers twenty miles north of here yesterday. He was one of the three men who robbed the bank at Spearville, Kan., several weeks ago.

Tuesday night officers tracked him to the house of his sister, near Orlando, and when he came out in the morning they covered him with Winchester and demanded his surrender. He drew his revolver and shot twice, then fell mortally wounded. On his person was found money stolen from the Spearville bank, and there is evidence implicating him in the last Wharton train robbery.

Cabinet Meeting.

WASHINGTON, Dec. 1.—A special meeting of the cabinet was called at 10:30 o'clock yesterday morning and was held at the state department, the White House being in mourning. The president walked over to the department. All the members were present except Secretary Tracy. The only business before the meeting was a discussion of the president's message. This was read and considered in detail.

Freight Train Wrecked.

LANCASTER, Pa., Dec. 1.—On the Pennsylvania railroad at Glen Loch yesterday a freight train ran into the rear end of another being eastbound. A westbound train crashed into the wreck, smashing a number of cars, her engine toppling over an embankment. Engineer Miller was seriously injured about the legs. The tracks were blocked for five hours.

Prospects of a Strike.

SAVANNAH, Dec. 1.—There is a prospect of a strike of the telegraphers and perhaps firemen and engineers on the Georgia Central railroad system as a result of the ignoring by General Superintendent Wadley of the requests of the committee representing the three organizations of railroad employes.

Charged with Murder.

CANCON, O., Dec. 1.—Coroner Openheimer has rendered a verdict of premeditated murder in the case of Robert Obernesser, charged with killing Scott Ellis in a saloon row. He found no evidence of a quarrel. Obernesser's trial for first degree murder takes place at the present term of court.

Increasing Wages.

AMESBURY, Mass., Dec. 1.—The Hamilton Woden company, controlling sixteen mills here, has increased the wages of all employes except spinners 7 per cent. The spinners were given an increase of 10 per cent. recently.

A TEN-TON meteor struck the earth out in Colorado this week and was still hot when a couple of lumbermen found it in the middle of the road. We are so glad that comet didn't come this way. Showers of meteors like the above would have made things too uncomfortable.
SPEAKER MOORE and ex-speaker Myers of the lower branch of the Legislature have buried the hatchet and smoked the pipe of peace. Now, if Governor Brown and the Senate and Auditor Norman would just get together and hold a love feast, things would soon be moving along with dove-tailed smoothness at Frankfort.
In 1877 the Kansas City Union Depot Company sued the Chicago, Rock Island and Pacific Railroad for \$6,745 damages and got judgment. The defendants no doubt wish they had paid it then and quit. The interest, costs, &c., now foot up nearly \$500,000, and the Supreme Court of Missouri affirmed the judgment this week.
A BILL creating the office of Assistant Mine Inspector passed one branch of the General Assembly this week, and the Lexington Leader at once attempts to make a little political capital of it by exclaiming that the Legislature has created "a snug place for another Democrat." As usual with Republican papers, the Leader "went off half cocked." The bill in question has not become a law yet.
Just after the election Republicans talked as though they were awfully glad "the Democrats had gotten everything." But they don't seem so glad of late. Their leaders are actually charged with trying to steal several Legislatures to enable the G. O. P. to retain its hold on the Senate. Wyoming is one of the scenes of their nefarious operations, and a special from Cheyenne says the Republican election boards have changed the entire personnel of the Legislature, and are now talking of trying to prevent the Democratic Governor-elect from taking his seat.
A PROTECTION GAME.
The Iron Trade Review is putting the manufacturers up to a dodge in order to make the people sorry that they voted for Cleveland. Its advice is that the manufacturers reduce the wages of the workmen to "fortify themselves in advance in view of the increasing probabilities of destructive foreign competition." Is this an indication of the kindly feeling entertained by the Protectionists for the workmen? Inquires the New York World. They have professed that their tax policy was maintained for the purpose of increasing wages. They have been charged with misrepresentation, and they are now advised by one of their organs to prove that the charge is true by making the wage-earners suffer in order that revenue reform may become unpopular.
Nothing could better show the dishonesty of the protection claim that the tariff exists for the workingman. If that claim were true the manufacturers would resist every tendency towards downward wages, instead of pushing them down in order to gain an advantage for themselves in a political controversy.
The wages of labor are regulated by the supply and demand of the labor market, and the people who would eat down wages, not because they must, but because they want to revenge themselves for a Democratic victory by making the workingmen suffer, are the people who have been insisting that the McKinley law repealed the law of supply and demand, and that they are the true and unselfish benefactors of the workingman.
MENTION has been made of the wounding of a young man during the late Democratic jollification at Paris, by the explosion of something in a bonfire. The BULLETIN is informed that in another bonfire which the authorities ordered torn down before it was started, on account of the danger to property from scarcity of water, there was found a can of dynamite sufficient to have destroyed the town, almost.

FRANCHISES.

The New State Assessing Board Will Try to Collect the Tax on Them.

It Will Not Make Demands, However, of Industrial Corporations. The New Law.

The railroad, bank and trust companies and many other incorporations of the State are reported considerably worked up over the announcement that the State Assessing Board provided by the new Revenue bill will collect the tax on franchise for this year.

The Board, consisting of Secretary of State Headley, Auditor Norman and Treasurer Hale, met this week and determined to send out blanks in the performance of their duty as set out in the following:

Every railway company or corporation and every incorporated bank, trust company, guarantee or security company, gas company, water company, ferry company, bridge company, street railway company, express company, electric light company, electric power company, telegraph company, press dispatch company, telephone company, turpentine company, palace car company, dining car company, sleeping car company, chair car company and every other like company, corporation or association, and also every other corporation, company or association having or exercising any special or exclusive privilege or any public service, shall, in addition to the other taxes imposed on it by law, annually pay a tax on its franchise to the State and a local tax thereon to the county, incorporated city, town and taxing district where its franchises may be exercised. The place or places where such local taxes are to be paid and how apportioned, where more than one jurisdiction is entitled to a share of such tax, shall be determined by the Auditor, Treasurer and Secretary of State, who are hereby constituted a Board of Valuation and Assessment for said purposes.

The Board was unanimously of the opinion that no industrial corporations organized under chapter 56, of the General Statutes, came under the provisions of the section just quoted, and they will send the blanks to the corporations mentioned in the sections and attempt to collect franchise taxes from them only, believing that the capitalized portion of the section exempts all such, except where it can possibly be shown that such corporation enjoys some special privilege.

A special from Frankfort says everybody has been of the opinion that these corporations, or at least railroads and banks, might escape the new franchise tax for this year, but it appears that the Assessing Board found its duty made plain by the following:

Section 5 of Article 16, in the same bill: The reports and statements required to be made by corporations, companies or associations, under sections 2, 3 and 4 of article 3 of this act, shall be made in the year 1892, between the fifteenth day of November and the fifteenth day of December, and the information therein required shall be given as of November 15 and for twelve months prior thereto instead of September 15, 1892.

Section 7, as follows, seems to require that they also send out the distillery blanks:

The reports required to be made by the owners or proprietors of distillers' bonded warehouse, under section 1 of article 5 of this act, between September 15 and October 1 of each year, shall be made for the year 1892 between November 15 and December 15, and such reports shall show the quality and kind of spirits in such warehouses on the 15th day of November, 1892.

The banks and railroads will fight the payment of this franchise tax for this year, says the same special.

RATHER STARTLING DISCOVERY.

A rather startling discovery was made at Frankfort yesterday that puts an end to any franchise tax for the present.

A special to the Covington Commonwealth says: "After months of trouble and turmoil with the provision for a franchise tax in the Revenue bill it is suddenly developed after the act has become a law that no franchise tax can be collected under the bill."

"The statute provides minutely the manner of fixing the value of corporation franchises, but fails to provide for the levy of a tax upon that value."

"As the bill came from the Revisory Committee the first section provided that an annual tax of forty-two and one-half cents should be levied upon the value of all property and franchises."

"When the bill came from the Senate, the words 'and franchises' were missing, and their absence is just now discovered after the act has become a law and it is too late to pass another."

"Just when and where the two all important words were dropped remains a mystery, but that they were dropped is a fact, and the bank and trust companies and other corporations are happy."

Views of the New Church.

The Ladies' Mite Society of the M. E. Church, South, have for sale some photographic views of the interior of their new house of worship taken the morning after the dedication. It is desired to dispose of these and use the proceeds towards refitting and refurnishing the church. This gives every citizen an opportunity to aid in a worthy cause, and at the same time secure a handsome picture of the new church. Call at Broscoe's gallery.

The pleasant effect and perfect safety with which ladies use themay California liquid laxative Syrup of Figs, under all conditions, make it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package.

Notice to Tax-payers.

Thursday, December 1st, will be the last day for payment of city taxes.

R. A. COCHRAN, JR.,
Collector and Treasurer.

WINCHESTER has a law to catch meat peddlers, but it has lately been so modified as to "allow any one to sell pork and mutton in quantities not less than one quarter; it was also amended so as to allow back bones, spareribs, lard, etc., to be sold without license."

The little Japan clover, the seed of which was brought to Charleston, S. C., during the war in a cargo of goods, has spread over the country until it can now be found in nearly all portions of the South. In the last few years it has made its appearance in the mountains of Kentucky.

S. T. CAMPBELL, administrator of the estate of the late D. E. Caldwell, proprietor of the Lexington Transcript, refused to produce the will left by Caldwell, and on a petition filed by Mrs. Helen Caldwell, the court ordered Campbell to bring the will into court for probate. Campbell admits that Caldwell left a will, but refuses to produce the same until advised by his attorney.

THE SIXTEENTH.

The Annual Reunion Yesterday Attended by About 150 Veterans.

The Venerable Colonel Charles A. Marshall Present and Addresses His Comrades.

The annual reunion of the survivors of the Sixteenth Kentucky Regiment yesterday was attended by about 150 of the "boys in blue."

The venerable Colonel Charles A. Marshall, of Washington, was present and delivered a pathetic and touching address, full of good advice to his old comrades.

The Sixteenth Regiment was organized by Colonel Marshall soon after the commencement of the war, and enlisted in the defense of the Union in October, 1861, in General Jacob D. Cox's command.

The Regiment had its first "baptism of fire" on November 8 of that year at the battle of Ivy Mountain, on the Big Sandy. In this engagement Colonel Marshall's horse was shot under him, and his clothing was penetrated by several bullets, but he escaped unharmcd.

The Sixteenth was afterwards in an engagement with Morgan's cavalry on Marribone Creek, and participated in the battles at Resaca, Kennewaw Mountain, Peach Tree Creek, Altoona Pass, "Battle of August 6, 1864," Columbia, Franklin, Nashville, Town Creek, Kingston and Wilmington.

At Town Creek, the Regiment captured a battery of four pieces, and took 325 prisoners. At Nashville, it stormed a fort and captured 365 prisoners. At Franklin, the Regiment had eighty-three men killed and wounded. This was one of the hottest engagements they were in.

The "Rebs" captured the works here, but the Sixteenth boys drove the Confederates back and recaptured the works, and held them, supported by the Twelfth Kentucky and Eighth Tennessee.

The regiment did valiant service nearly all through the war, being mustered out July 15, 1865, and finally discharged from further service August 3rd of that year, at Louisville.

A banquet was served yesterday afternoon at Neptune Hall, by the ladies of the W. R. C. Captain H. C. Weaver, of Company D., of Brooksville, delivered the oration. Mrs. Nannie Ninekirk, President of the W. R. C., delivered an address in response to the toast "The Union Women." Responses to toasts were also made by Captain M. C. Hutchins of Company I., of this city, Lieutenant DeGarmo, of Cincinnati, and others.

The reunion was a pleasant event to the veterans.

Flemingsburg was chosen as the place of meeting next year.

Squire Jacob Miller, Captain Hutchins, Captains David and John E. Wells of Murphysville, Captains W. H. R. Markley and H. C. Weaver, of Bracken, all commanded companies in the Sixteenth. Dr. Gault, of Murphysville, was Colonel of the Regiment during part of its service, as was also Mr. Sam White, formerly of Sardis, but now living in Missouri.

THE LEGISLATURE.

The Senate Passes a Bill Over the Governor's Veto—After Insurance Companies.

Nearly all members of the House were present at roll call yesterday.

The discussion over the general fence law was resumed. A dozen or so sent up amendments which referred to "petition" fences. After much talk and several attempted reconsiderations of various sections the bill was passed.

The Louisville Court bill was called up and passed.

Mr. Gardner, from the Committee on Circuit Courts, also reported favorably a bill relating to the organization of courts in continuous session in counties with a population of 150,000 and it was given one reading. The bill was amended to apply to other counties in case they have courts of continuous session.

The second class city charter was introduced in the form of a bill. The charter applies to Covington, Newport and Lexington.

A bill to allow Campbell County to supplement the salary of the Circuit Judge of that district was taken up and was passed by a large vote.

The Senate had a long discussion over a proposition to have a Christmas holiday adjournment from December 23 to January 3. It was finally adopted.

Senator Newman introduced a bill amending the election law and fixing upon a day on which the Electors shall meet to cast the vote of the State for President, and it was ordered printed.

The Senate passed the geological survey bill over the Governor's veto by a vote of 20 to 3. The Governor's objection was that the bill did not receive the con-

stitutional majority on its final passage.

The Senate, after a hard fight, also passed the House bill compelling fire insurance companies to pay the full face value of all policies, but in case of partial loss of the property insured, the liability of the company shall not exceed the actual loss of the party insured. The bill now goes to the Governor.

DANGEROUS DWARF.

Crazy Crank at Large with a Gun and an Ax.

POUGHKEEPSIE, N. Y., Dec. 1.—Aaron Lockwood, a dwarf and hermit, has spread terror throughout the eastern part of Dutchess county. Lockwood lived all alone for years in a shanty in Putnam county, near the Dutchess county line. He constantly patched his clothing with every colored patch he could find. It was his custom to wander through the woods and along the highways, carrying a gun in one hand and an ax in the other. He was regarded as a harmless simpleton, and the boys used to plague him.

Last Saturday morning John Knapp, a neighboring farmer, was passing Lockwood's cabin, when the old hermit rushed out with his gun and opened fire upon Knapp, filling his arm and side with buckshot, and seriously wounding him. Knapp fell in the highway and Lockwood fled to the hills. He was hatless and coatless and the morning was very cold. The officers and neighbors have been searching for the hermit ever since, but no trace of him has been found. As he took his gun with him, there is a feeling of terror all through that section, which is not likely to abate until the dangerous dwarf is found. Knapp will probably recover from his wounds.

RELICS OF THE WAR.

Sunken Supply Boat Found, with Five Barrels of Whisky and a Skeleton.

ROCHESTER, Mo., Dec. 1.—Workmen, while blasting out the western end of the Rochester tunnel, on the Missouri, Kansas and Texas railroad, unearthed part of the old government supply boat Buftington, sunk by Anderson's guerrillas in 1864.

The first thing found in the hull of the boat was five barrels of whisky in prime condition. Scattered about were eleven rusty gun barrels, twenty-three revolvers and a skeleton of a man. A solid silver tobacco box lay by the side of the bones, on which was engraved Thomas Waterman. From this it is believed that the skeleton is that of Thomas Waterman, captain of the ill-fated ship. About half of the hull is below water, and it will require considerable pumping in order to enable the explorers to recover everything within it.

Revolutionary Movement in Cuba.

CHICAGO, Dec. 1.—Senor Jose Maria Garcia, a wealthy Cuban planter, is at the Palmer House. Speaking of the recently organized revolutionary movement in Cuba he said: "Cuba does not like its present form of government, that of being ruled from Madrid. The old revolutionary spirit is by no means dead, and though many of the leaders are either in prison or in exile, the movement is still kept alive. The Spanish government keeps a standing army in Cuba almost as large as the army of this country, and Moro Castle, at the head of the entrance to the harbor of Havana, is kept garrisoned, and the harbor is always guarded by a Spanish man-of-war, which could shell the town in case of insurrection."

Doesn't Mention Any Loss of Life.

LONDON, Dec. 1.—A dispatch from Nagasaki states that the Japanese vessel Chishimaru, bound from France for Japan, was in collision with the inland sea with the British steamer Ravenna. The warship was so badly damaged that she sank. The bows of the Ravenna were badly stove. Her passengers were transferred to the British steamer Empress of Japan, bound for Shanghai. The dispatch does not state whether any of the officers or crew of the warship were lost. The Ravenna is trading between China and Japan.

Oranges Not Quite So Cheap.

JACKSONVILLE, Fla., Dec. 1.—With the orange crop beginning to move there is great anxiety in Florida regarding prices. Last year growers averaged only a few cents over \$1 a box. The supply exceeded 3,750,000 boxes. This year there are only about 3,000,000 boxes of oranges in sight, and experienced dealers express the opinion that prices will rule much higher. "I think growers ought to average \$1.20 per box on the tree for good marketable fruit," said a prominent member of the Florida Fruit exchange Tuesday evening.

Warship Sunk.

LONDON, Dec. 1.—A dispatch from Hiege, Japan, says that the Japanese warship Chishimaru has been sunk in collision with the steamship Ravenna. The Ravenna's bows were stove in, so that it was necessary to transfer her passengers to the steamship Empress of Japan. So far as known there was no loss of life.

Fatally Shot by an Officer.

ELWOOD, Ind., Dec. 1.—J. O. Hinds, a farmer, living seven miles north of this city, was fatally shot by an officer from Grant county yesterday. Hinds has been tampering with a gas line, and the officer went to arrest him. A quarrel ensued, and Hinds was shot through the head. He will die.

Come Into the Hello Service.

CHICAGO, Dec. 1.—B. F. Floyd, for five years past superintendent of the news service for the western division of the United Press, has resigned to accept the superintendency of the Central Union Telephone company for the state of Ohio. His headquarters will be at Columbus, and he will enter upon his duties Dec. 1.

Mail Pouch Stolen.

INDIANAPOLIS, Dec. 1.—The postoffice here has been notified that a mail pouch thrown from the fast train on the Big Four at Thornton, early yesterday morning, was stolen. The pouch contained some registered mail, but not much money, it is believed. The secret service officers have gone out to see if they can discover the thief.

Cabinet Crisis in Spain.

MADRID, Dec. 1.—A cabinet crisis is imminent. Senor H. Silveira, minister of interior, has resigned, and much excitement prevails in political circles. The causes of the trouble are chiefly financial. Senor Silveira having for some time been dissatisfied with the financial condition of affairs.

Death of Mrs. Mary Humphreys.

Mrs. Mary Perrie Humphreys, wife of Mr. John C. Humphreys, died at half-past 3 o'clock yesterday morning at her home near Washington. Deceased was the daughter of the late Edward S. and Harriet Forman Perrie, of this county, and sister of Mr. Joseph F. Perrie and Mr. F. R. Perrie, of this city, and Mr. Charles T. Perrie, of Little Rock, Ark. Mrs. Humphreys was a most estimable woman in every walk of life, and her death will be sincerely mourned by a large number of relatives and friends. The funeral will take place Friday morning at 10 o'clock at the family residence. Services by Rev. W. T. Spears, of the Washington Presbyterian Church, of which deceased was a member.

Another Tobacco Warehouse.

The Independent Leaf Tobacco Warehouse Company was incorporated in Covington this week. The incorporators are Perry Jefferson, J. E. Kirkpatrick, A. R. Howard, J. T. Turley and W. W. Waterfield. The capital stock is \$100,000. The company will buck against some of the big concerns that are attempting to monopolize the tobacco business in Cincinnati and thereabouts.

What is

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osmond,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quick nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. KINCHLOX,
Conway, Ark.

The Centaur Company, 77 Murray Street, New York City.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria. And although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

Fine Furs

SEAL SKIN GARMENTS FUR CAPES, NECK SCARFS, AND LADIES' TAILOR-MADE CLOTH, FUR-LINED AND FUR-TRIMMED CLOAKS AND WRAPS.

Nowhere in the West can you find such a mammoth and matchless stock of these fashionable Winter Garments, made of selected Furs, and of a reliable quality. They are designed and patterned by Mr. Joseph Davallion, the celebrated French Designer, and made under his personal supervision in our own work-shops. We challenge the world for style, workmanship, quality and price.

All our tight-fitting Seal Garments have The Davallion Elastic Patented Fly, invented, owned and controlled by us exclusively in the United States, Europe and Canada. It prevents the edges from wear, and, being elastic, it assists the garment in adjusting itself to the varying sizes of the wearer.

No seal garment is complete without it.
